Monoslide™ Classic

Sports turf

WELL-ESTABLISHED DESIGNS

TenCate Monoslide™ Classic sports turf blades are a range of monofilaments with well-established triangular design. This design has specific features that offer a solution for your every need. TenCate Monoslide™ Classic turf blades provide the performance you require.

INNOVATION

This landmark advance in polymer technology enables TenCate to introduce a new generation of monofilaments – and to strengthen an unparalleled tradition of leadership through innovation. Only at TenCate.

- **Good playability:** the surface retains good ball roll
- **Good resilience:** the turf blades continue to return to the upright position
- **Great look and feel:** the turf blades retain their unequaled look & feel
- **Reduced glare:** due to dispersed light reflection of the triangular shape
- **Excellent UV performance**
- **Established monofilament designs**
