

## HOW TO SPECIFY TENCATE INDUSTRIAL SAFETY FABRICS

**TenCate Freestyle™ 450:** Nominal 4.5 osy 100% Nomex® IIIA plain weave fabric with Wickwell™ Plus wicking finish for shirts, pants and coveralls.

**TenCate Freestyle™ 600:** Nominal 6.0 osy 100% Nomex® IIIA plain weave fabric with Wickwell™ Plus wicking finish for shirts, pants and coveralls.

**TenCate Freestyle™ 750:** Nominal 7.5 osy 100% Nomex® IIIA plain weave fabric with Wickwell™ Plus wicking finish for shirts, pants and coveralls.

**TenCate Freestyle™ 550 (Twill):** Nominal 5.5 osy 100% Nomex® IIIA twill weave fabric with Wickwell™ Plus wicking finish for shirts, pants and coveralls.

**TenCate Freestyle™ 600 (Twill):** Nominal 6.0 osy 100% Nomex® IIIA twill weave fabric with Wickwell™ Plus wicking finish for shirts, pants and coveralls.

**TenCate Freestyle™ 680 (Twill):** Nominal 6.8 osy 100% Nomex® IIIA twill weave fabric with Wickwell™ Plus wicking finish for shirts, pants and coveralls.

**TenCate Omniweave™ 450:** Nominal 4.5 osy 100% Nomex® IIIA plain weave fabric with Wickwell™ Plus wicking finish for shirts, pants and coveralls.

**TenCate Omniweave™ 600:** Nominal 6.0 osy Nomex® IIIA plain weave fabric with Wickwell™ Plus finish for shirts, pants and coveralls.

**TenCate Omniweave™ 750:** Nominal 7.5 osy Nomex® IIIA plain weave fabric with Wickwell™ Plus wicking finish for shirts, pants and coveralls.

**TenCate Comfortblend™ (S/245CB):** Nominal 4.5 osy 65/35 Nomex® IIIA/FR Rayon fabric with a durable, wrinkle-resistant finish for shirts in industrial applications.

**TenCate Tecasafe® Plus 580:** Nominal 5.8 osy 48/37/15 FR Modacrylic/Lyocell/Aramid twill weave fabric for shirts and coveralls.

**TenCate Tecasafe® Plus 700:** Nominal 7.0 osy 48/37/15 Modacrylic/Lyocell/Aramid twill weave fabric for shirts, pants and coveralls.

**TenCate Tecasafe® Plus 700 (High Visibility Yellow):** Nominal 7.0 osy 48/37/15 Modacrylic/Lyocell/Aramid twill weave, ANSI 107 compliant fabric for shirts, pants and coveralls.

**TenCate Tecasafe® Plus 700-A (Dark Colors):** Nominal 7.0 osy 45/35/20 Modacrylic/Lyocell/Aramid twill weave fabric for shirts, pants and coveralls.

**TenCate Tecasafe® Plus 850-A (Dark Colors):** Nominal 8.5 osy 45/35/20 Modacrylic/Lyocell/Aramid twill weave fabric for pants and coveralls.

**TenCate Tecasafe® Plus 600J:** Nominal 6.0 osy 45/35/20 FR Modacrylic/Lyocell/Aramid knit fabric for shirts.

**TenCate Tecasafe® Plus 650P:** Nominal 6.5 osy 45/35/20 FR Modacrylic/Lyocell/Aramid knit fabric for shirts.

**TenCate Tecasafe® Plus 670SP:** Nominal 6.7 osy 45/35/20 FR Modacrylic/Lyocell/Aramid knit fabric for shirts.

**TenCate Tuffweld® 850:** Nominal 8.5 osy 60/40 FR Rayon/Aramid twill weave fabric with wicking finish for use in shirts, pants, jackets, coveralls and aprons.

**TenCate Tuffweld® 1000:** Nominal 10 osy 60/40 FR Rayon/Para-Aramid twill weave fabric with Wickell™ Plus wicking finish for use in pants, jackets, coveralls and aprons.

**TenCate Oasis™ 750:** Nominal 7.5 osy 50/40/10 FR Rayon/Wool/Nylon twill weave fabric for use in molten metal splash resistant shirts and jackets.

**TenCate Oasis™ 1000:** Nominal 10 osy 50/40/10 FR Rayon/Wool/Nylon twill weave fabric for use in molten metal splash resistant shirts, pants, jackets and coveralls.

**TenCate Oasis™ 1200:** Nominal 12 osy 50/40/10 FR Rayon/Wool/Nylon twill weave fabric for use is in molten metal splash resistant pants, jackets and coveralls.

**TenCate S/500 KT:** Nominal 7.6 osy 100% Para-Aramid twill weave fabric with Shelltite™ water repellent finish for use in gloves.

**TenCate S/508:** Nominal 5.3 osy 100% Nomex® IIIA plain weave fabric with Softshell™ finish for use in jackets and coveralls.

**TenCate Q-15WB™:** Nominal 14.2 osy quilted thermal barrier comprised of a 3.27 osy 100% Nomex® face cloth with Wickwell™ Plus finish quilted to a 9.0 osy 100% aramid needle-punched batt for use in military jacket liners.

**TenCate S/307™ Pocketing:** Nominal 5.5 osy 50/50 Meta-Aramid/Modacrylic plain weave fabric for shirt, pant and coverall pockets.

**TenCate Nomex Cuffs:** Nominal 100% Nomex® knit 9” cuffs for use in garments at areas of exposure that primarily involve the wrists and ankles.
