

The TenCate Tecastyle® collection is a range of fabrics with a stylish appearance.

KG 340 - 325 g/m² - Canvas

TenCate Tecastyle® – KG 340
65/35% polyester/cotton

There is a growing demand for workwear to be more stylish. At TenCate we manufacture fabrics that are both functional and fashionable: fabrics that stretch (making them more comfortable), denim-look fabrics and fabrics designed to have logos or trendy details printed on them. The TenCate Tecastyle® – KG 340 fabric has a canvas weave, which makes for particularly stylish and casual clothing.

Outstanding value – Suitable for application in corporate wear and workwear, used in the construction, transport or distribution sectors and for all general workwear purposes (i.e., ideal for mechanics, factory workers, etc.).

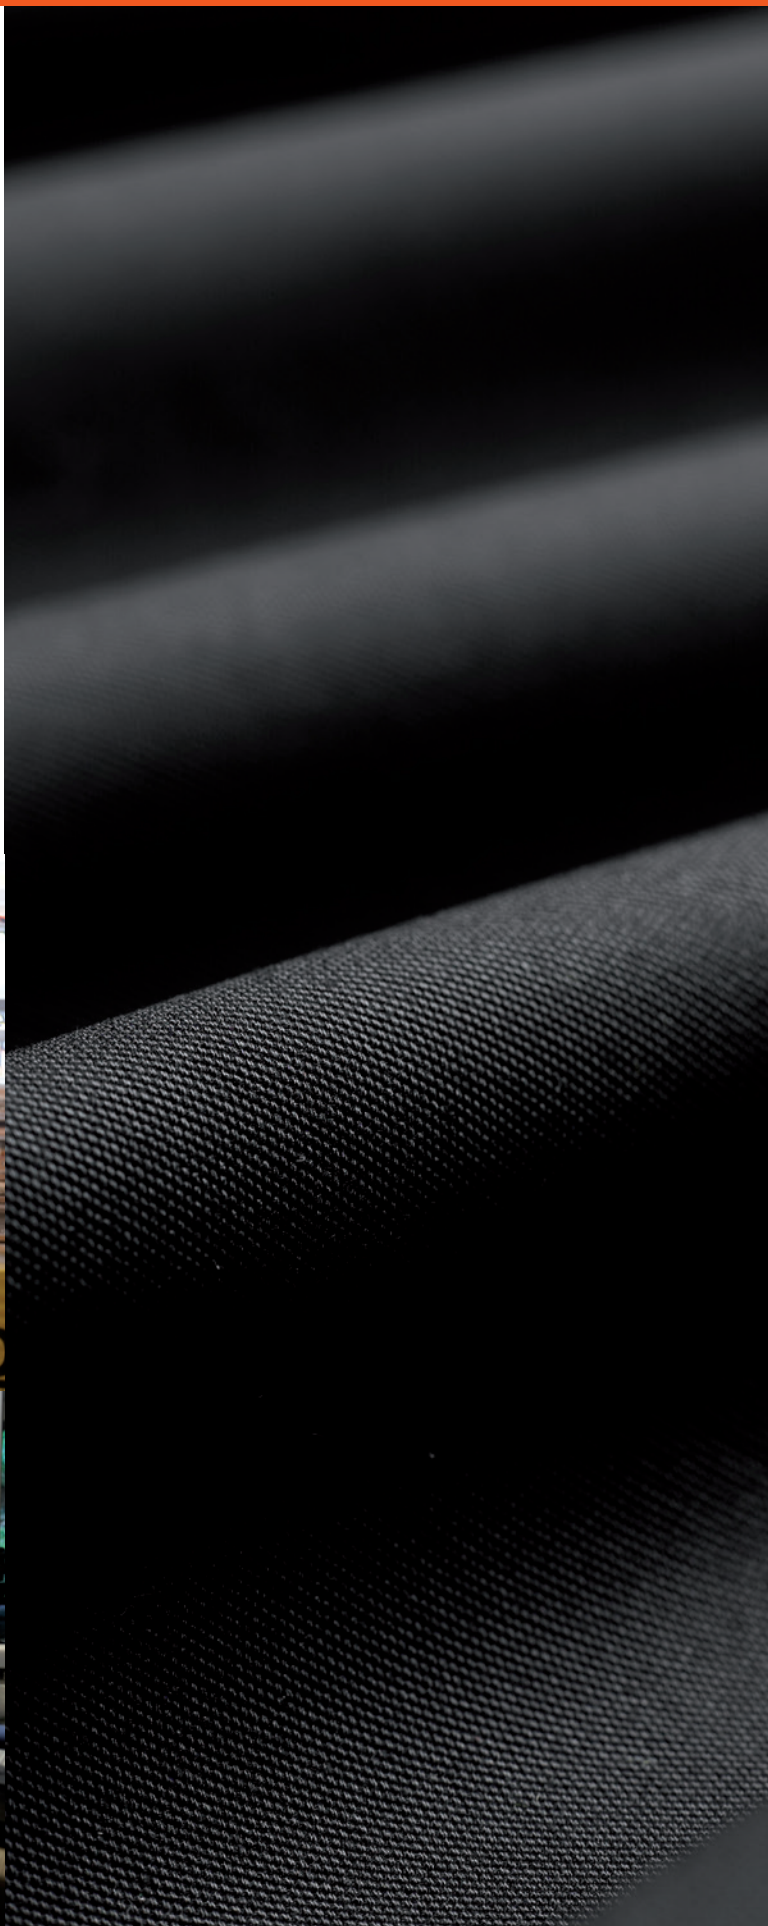

Optional colours – Available in high-visibility yellow (complies with EN 471: 2003), as well as in a wide range of other colours.

Highly durable – Thanks to canvas weave.

Long-lasting looks – Retains looks and shape, even after repeated industrial laundering.

Öko-Tex Standard 100 – Tested for harmful substances.

Optional denim look – TenCate Tecastyle® Denim-Look is an innovative treatment that creates a professional, yet casual look. The combination of TenCate Tecastyle® Denim-Look and the canvas weave of KG 340 makes for particularly stylish and casual clothing.

The TenCate Tecastyle® collection is a range of fabrics with a stylish appearance.
