TenCate appoints Mark Edwards as North American President at TenCate Advanced Armor

TenCate Advanced Armor in Newark (Ohio, USA) is pleased to announce that Mark Edwards is appointed as President of TenCate Advanced Armor concerning the North American operations. TenCate Advanced Armor has been a participant in the majority of the American military vehicle and personnel protection armor programs with state of the art manufacturing for 'build to print' and 'design to threat' armor systems.

Scott Unger, North American Group President states: "Mark brings a wealth of experience with over 18 years of experience in both the aerospace and military armored vehicle transport business. He will lead our Advanced Armor business into its next growth phase."

Mark Edwards was previously with Force Protection Inc. where as Executive Vice President, he and his team helped propel Force Protection into an important market leader. Prior Mark Edwards served as Vice President of operations of Ducommun where he was responsible for all aerostructure manufacturing for Boeing C-17, Chinook and Sikorsky Blackhawk / Naval Hawk helicopter programs.
